Herewith are the Personal Application, Company Application, and Xerox copies of each for the Advanced Management Program for Mr. [redacted] who has been approved for the Fall Session 1973 starting 9 September. I have also attached two copies of descriptive information on the program.

Two letters of appraisal must accompany the application forms (see last page of personal application). The Company Application is usually completed and signed by one of the persons writing a letter of appraisal. On both forms the business address should be shown as Washington, D.C. 20505. Two photographs must be sent with the personal application.

STATINTL

Agency people who attend this program must do so on a completely overt basis. [redacted]

is the deadline for nominations for the Fall session. We have plenty of time but whenever the applications are completed, send all the required papers to me and we will forward them to Harvard.

Call me if you have any questions.
